

2021 EVIC Family Recovery Night and Speaker Meetings

You can help -- you can participate -- you can recover!

For many of us in Al-Anon, the trauma, loss, and suffering left from the disease of alcoholism is similar to a natural disaster like a flood, hurricane, or tornado. After the destruction of alcoholism has affected us, we need some reconstruction and rebuilding. Often the whole community helps in a natural disaster. Nearby communities help and offer support as well.

At our Family Recovery Night and Speaker Meetings, the Al-Anon, Alateen, and AA communities get together to rebuild and clear away the debris left behind. Sponsoring one of these events is one of the ways a group and its members can help others to heal. Please take a group conscience and see if your group wants to sponsor a recovery night in 2021.

St. Peter Lutheran Church is not currently open to large group meetings, but your group may choose a Zoom event for the time being. We will provide support and assistance in the planning and presentation. In time, it may also be possible to find an outside location that falls within the guidelines set forth by the Governor on the number of people and ability to socially distance. We can be creative whether virtually or in person, and we all need the help of our fellowship.

Contact Kathy T. at 602-684-4757 if you have questions or to sign your group to sponsor a family recovery/speaker night.
